Iberdrola • NRG • RosEnergoAtom • SOGIN • swissnuclear • GDF-Suez/Tractebel Engineering • Vattenfall • VGB Powertech

Villeurbanne, May 6 2010

Invitation to participate in the next EUR seminar at ENC2010

As previously done in 2007 in Nice and several times before, the EUR utilities are taking the opportunity of the next ENC2010 conference planned between May 30 and June 3 in Barcelona to organise a seminar about the European Utility Requirements with their counterparts and their natural partners (vendors, regulators and other stakeholders). The objective is to share information and to establish or ascertain links between the different actors involved in new nuclear builds in Europe. You are invited to participate in this seminar.

The EUR Seminar is scheduled for **June 1st from 11:00 to 14:30** in the same building as the ENC2010 conference and exhibition. The meeting room is "Sala de prensa I, II y salon ejecutivo" at level 1. There is no need to be registered at the ENC conference to access the meeting room.

You may visit the conference Website for more information about the conference and its venue:
<http://www.euronuclear.org/events/enc/enc2010/index.htm>

Regarding the agenda of the EUR seminar, it is planned to dedicate 1.5 to 2 hours to presentations:

- Introduction, status of the EUR works and of the EUR organisation
- Ongoing actions: adding to harmonisation - WENRA, IAEA Safety Standards, MDEP
- Ongoing actions: adding to harmonisation – EUR vs. EPRI-URD
- Ongoing actions: closing the gaps – Plant Life Management, Environmental Impact
- Feedback from volume 3: vendors & utility benefits
- Feedback from participation: newcomers
- Planning for the future: towards Rev D.

The rest of the time will be dedicated to questions and answers and exchanges around a buffet and cocktails. Detailed information regarding this next EUR seminar will be available -and periodically updated- on a dedicated page on the EUR public Web site: <http://www.europeanutilityrequirements.org>

A registration form will be also posted there. If you intend to participate in the EUR seminar, please send your request to:

Mrs. Marianne JANNIN

EDF/SEPTEN 12 avenue Dutriévoz, 69100 Villeurbanne, France

phone: +33 4 72 82 73 51, fax: +33 4 72 82 77 01, e-mail: marianne.jannin@edf.fr

If you prefer, you may also use the "contact, questions, comments" page of the EUR web site. Mrs Jannin may be contacted for any additional information about the EUR Seminar and you are encouraged to forward this invitation to other people who might be interested in attending the EUR seminar.

We look forward to seeing you in Barcelona.

Best regards

Pierre BERBEY
Secretary of the EUR organisation
